

## Giddy Wrecks

Music, the ear  
drums quiver & limbs, almost  
involuntarily  
swoon, then  
shimmy, Boogaloo  
through &  
open, a  
parachute, sky  
divers ride the tightrope of,  
ride the antics of such a trapeze...  
Umbrellas unfurl, chairs, the pre-  
carious balance trust  
brought forward for  
anxious faithful faces  
smiling to float, make  
It look easy----  
Easy, look----  
We dance, do, dream  
what we can & sometimes

elation comes

(not in print, sound-collage for film only)
